POINTS OF INTEREST

See the **Papeete** port page and map for points of interest located within walking distance from the pier in Papeete.

EAST OF PAPEETE

House of James Norman Hall • Arue, PK 5.5

See the superbly restored home where the American novelist, pilot and adventurer lived for almost 30 years. Hall coauthored *Mutiny on the Bounty* and other books set in the South Pacific. Enjoy family artifacts, beautiful grounds and views of the bay. Lunch at Mama Lala's tearoom requires one day's notice.

www.jamesnormanhallhome.pf • 800 XFP • Tue–Sat 7:30am to 3:30pm. Closed on Sunday, Monday and holidays.

Point Vénus • Mahina, turn left at PK 10

At the end of a peninsula just outside Papeete, this local park contains black sand beaches and Tahiti's only lighthouse (built in 1867). It is also the landing site of many early explorers including Captain Cook of the *HMS Bounty*.

Ara-ahoaho Blowhole (trou du souffleur) • near Tiarei, PK 22

The blowhole is right along the coastal road. When the swell is right, the geyser-like effect from water rushing through a cavern and out a hole in the rocks can be quite strong. This site has a viewing area and parking. Nearby is a beautiful black sand beach, perfect for picnicking. Just beyond the blowhole, take the road on the right and travel 1.3 km to parking for the three **Fa'auruma'i waterfalls**. To reach the first one (Vaimahuta Falls), walk 5 minutes along the path to the right across the bridge. Hike the 30-minute trail to the left to discover the other two falls (Haamaremare Iti and Haamaremare Rahi.)

WEST OF PAPEETE

Tahiti and Her Islands / Te Fare Manaha Museum • Puna'auia, PK 14.7

Considered one of the best museums in the South Pacific, this museum features thousands of years of Polynesian history and culture through rare collections and artifacts, and also contextualizes European arrival. www.museetahiti.pf • 600 XFP, students and children under 18 free • Tue–Sun 9am to 5pm.

Mahana Park • Paea, PK 18.5

Follow the coastal road 18.5 km west from Papeete to this beautiful white-sand beach. Its calm waters are perfect for swimming, snorkeling, and other watersports—or just enjoy relaxing in this park setting. Nearby is a restaurant with water views from its terrace.

Harrison Smith Botanical Gardens • Papeari, PK 51.2

These beautiful botanical gardens were founded in 1922 by an American physics professor, and cover 340 acres with walking trails and views over the lagoon. 6900 XFP • Mon-Fri 9am to 5pm / Sat-Sun 10am to 5pm

Coastal Road (Rt. 1)

The coastal road is measured in *pointe kilométrique* markers, referred to as "PK's". PK 0 starts in Papeete and markers go in both **clockwise and counterclockwise directions**, meeting in Taravao, which is PK 54 clockwise and PK 60 counterclockwise. Check a map to see if a site is at PK 10 clockwise ...or counterclockwise.
